Ministry of Health,

Genova Diagnostics is a fully accredited medical laboratory, established in 1986, and is certified in the areas of clinical chemistry, bacteriology, mycology, parasitology, virology, microbiology, non-syphilis serology, general immunology, hematology, toxicology, as well as molecular genetics by six separate health agencies including the Centers for Medicare & Medicaid Services which oversees clinical labs in the United States under the federal Clinical Laboratory Improvement Amendment (CLIA).

Genova Diagnostic's goal is to provide our clients with timely, accurate, dependable test results, and support services. Based in North Carolina and Georgia in the United States, and in London in the UK, Genova provides testing services around the globe.

Please see attached Genova Diagnostics Certificate of Compliance, CLIA ID # 34D0655571, signed by our Laboratory Director, Amy Peace-Brewer, Ph.D. for our Asheville, NC laboratory. And, CLIA # 11D0255349, signed by Robert M. David, MD for our Duluth, GA laboratory.

Additional proficiency participation for our United States labs includes: CAP (College of American Pathologists), IBL (Innovation Beyond Limits) International, and QMEQAS (Quebec Multielement External Quality Assessment Scheme). Genova Diagnostics Europe is accredited by Clinical Pathology Accreditation (CPA) UK Ltd, who are part of the UK Accreditation Service (UKAS). CPA accreditation gives a guarantee that Genova Diagnostics has been inspected and approved as a provider of results which meet accepted standards. Genova Diagnostics also participates in the UK National External Quality Assessment Service (NEQAS), which ensures that results of investigations are reliable and comparable wherever they are produced. Genova is also registered with the Care Quality Commission.

HealthMetrix is authorized to administer Genova Diagnostics' testing to our standards. HealthMetrix is a global partner of Genova Diagnostics, whose staff has been trained to receive test results and properly evaluate them in partnership with Genova's Medical Education team of practitioners.
